Welcome to Tokyo! You will be greeted and escorted to your hotel by our representative. Rest at the hotel and be ready to start your exciting tour tomorrow.

#### Day 2: Tokyo Local Sightseeing

Today spend the full day seeing the many sights of this wonderful metropolis. We will first stop by the Imperial Palace Plaza to get a glimpse of the current Emperor's home. Next we will head to Tokyo Tower, one of Japan's prominent landmarks. The orange-red tower stands at 333 meters high and is the second tallest structure, after the Tokyo Sky Tree which was recently built. Visitors can climb up to the main observatory via an elevator and view the city from 150 meters high or the special observatory at 250 meters where you can get a panoramic view of Tokyo. After lunch, we will visit the old town district of Asakusa – shop around the Nakamise Shopping area and pray at the Sensoji Temple. We will also stop by the famous Meiji Shrine located in Shibuya. In the evening, we will probe the stores at Harajuku, the unofficial fashion capital of Japan that offers the latest pop culture and fashion. Returning to our hotel.

#### Day 3: Transfer to Hakone

We will start our day heading to Lake Kawaguchi to visit the Atae Yuki Museum (Kawaguchiko Muse Museum). The museum displays the works of Atae Yuki, a famous doll creator whose unique dolls were created out of fabric. The dolls portray children from the 20th century, especially during the wartime when the country was in poverty. The dolls here at the museum are a great depiction of how life was in the 20th century. We will then continue our journey to Hakone, where we will take a cruise in Lake Ashi. We will then take a ropeway to Owakudani, an active volcanic crater still steaming from its last eruption some 3,000 years ago. The tour would not be complete without a long relaxing soak in the onsen, hot spring, to rejuvenate you for tomorrow's adventure.

Just outside the temple is the Nara Deer Park, where you will be greeted by numerous deer that roam around freely. The deer here at the park are known to be friendly and may even bow at you for a little treat. After our friendly encounter with the deer, we will head to experience some peaceful green tea ceremony at Kodaiji Temple, built in 1606 in memory of Toyotomi Hideyoshi by his beloved wife, Nene.
